COMMUNIQUE

NMPP RELEASE

Joël Fillon, 58 years old, the Director of the Import Sales Department at NMPP, died tragically on Sunday 21st October 2007 in a plane crash as he was flying.

Joël joined NMPP in 1974 to devote his time and energy to importing foreign daily newspapers and magazines into France.

He became Head of the Import Department in 1990 and was elected by his peers to be President of Distripress, the international organisation for press distribution, from 2002 to 2005.

The board of NMPP would like to pay tribute to this true professional, held in great esteem by everyone who knew him. Dedicated to the distribution of international press in France for over 30 years, Joël had built up many close relationships with publishers and distributors alike from around the world.

All the staff at NMPP would like to let Joël's family and closest relatives know that their thoughts are with them at this very sad time.
